## TAYLOR TOPICS.

Several Cases of Scarlet Fever in the City—Local Notes.

Taylor, Texas, March 6.—Mile. Playdine gave a concert at the opera house last night. The entertainment was postponed on Saturday night, the date being held, hence no large audience was present as would have been otherwise. She will give a return date shortly.

Ex-Governor Bob Taylor lectured here tonight. Last night a carrier pigeon fell in the back yard of Mr. John Dicker of this city. The brass band on the right leg was engraved "L. U. C. No. 30." The pigeon was loosed this morning and circled around a while before flying away.

Several cases of scarlet fever have appeared in the city, as a precautionary measure the public school was dismissed yesterday. While little alarm is felt here, some very exaggerated stories have been circulated and to prevent the avenue for spreading which the contracting together of so many children might afford, the school decided it was better to suspend school for a while.

It was intended to discuss the cotton trade tonight, but on account of the lecture of Bob Taylor the meeting was postponed until tomorrow night.
